## ABOUT US

St. Joseph's Academy of Nursing, a pioneering nursing college, under the Grace Educational Trust. Located in Umtrew, Along the Guwahati-Shillong highway, it upholds traditional values, spirituality and academic excellence and provides a calm, serene atmosphere for the students. Shillong, the hill station of Meghalaya is the educational hub of the Seven Sister State of India. Along with a team of dedicated faculty we are committed to character formation, academic process and selfless service.

## VISION

Our educational institution was established with the aim to promote premier nursing education to bring out service minded youth to serve humanity.

## MISSION

We are committed to provide value based education to one and all irrespective of caste, creed and religion. To bear witness to Christ's compassionate love with a sensitive heart and to render selfless, efficient and comprehensive nursing care.

## PHILOSOPHY

Life is precious and we believe that it is our duty to safeguard this gift from God. We encourage students to think, question everything and share their passion to learn new skills and imbibe knowledge. Our aim is to equip students with the right skills, concepts and insights so that they can be good healers, angles of God.

Founder & Chairman

### Mr. Simeon.T Founder and Chairman

Welcome to St. Joseph's Academy of Nursing, Meghalaya! It is with great pride and immense joy that I welcome you to our Institution. As the Founder and Chairman, I am deeply committed to shaping the future of healthcare through the education and empowerment of compassionate, skilled nurses. Our college is framed on the belief that Nursing is not just a profession, but a calling- one that requires empathy, dedication, and a strong sense of responsibility to those in our care.

Our rigorous curriculum, combined with hands-on clinical experience, prepares our students to meet the challenges of the ever-evolving healthcare environment.

As we look to the future, we remain focused on fostering an environment where innovation, research, and continuous learning are encouraged. Our faculty members, all highly skilled and experienced in their respective fields, are dedicated to providing personalized attention and mentoring to every student, ensuring their academic and professional growth.

We believe that choosing a nursing career is not just about education; it's about a lifelong journey of service to others. I am confident that our institution will provide you with the knowledge, skills, and inspiration to thrive in this noble profession and to make a lasting difference in the world of healthcare.

Thank you for considering us as your partner in this transformative journey. I am excited for you to join our community of dedicated learners and future leaders. Together, we will continue to make strides toward a healthier, more compassionate world.

From Managing Director

## Mrs. IBALARI SIANGSHAI Managing Director

We, human beings, the most intelligent creatures on earth are made as the crown of creation and designed for greater purpose and glory. The Holy scripture says, "God created man in his own image ..... little less than the Angels". The realisation of this status of man will lead him to discover the purpose of his life in the world. So life is a gift and it offers us the privilege, opportunity and responsibility to give something back by becoming more of what the creator intended us to be. You become that possibility by learning, growing and becoming and this is the purpose of life and what the Almighty intended. As you pursue your higher education in the city of gardens in the institute of The Good Shepherd's - realise, you are a special creation of God with unimaginable possibilities for expansion of horizons and extended hands of God to love and show care and concern to others; for the ultimate goal of education is to spark a pursuit of knowledge in the learners so that they keep on learning as they grow into whatever they choose to be.

"It takes courage to grow up and become who you really are". There is an inner call that pushes you or create a desire or aptitude towards the realisation of the purpose for which you are born by choosing a career that helps you to blossom and become your dream. Nursing is one of the best decisions you can make in your life. Also it is one of the most challenging things you can do. Keep a positive attitude as you chase your dreams.

Choose wisely - Listen to the inner call - make your life blessed. God bless you!

From Principal

## Ms. IBANRILIN RANEE Principal

It gives me immense pleasure to address you as the Principal of St. Joseph's Academy of Nursing, a college par excellence and producing some of the country's finest nurses. We believe in maintaining the highest quality in academics and strict discipline in our campus.

We work relentlessly to nurture nurses who are compassionate, courageous, non-judgmental, responsible and empathise with people from all walks of life. A nurse's job is quite challenging and our aim is to groom young and dynamic individuals to meet the global health care challenges. Our students are mentored by eminent experts to give them an exceptional clinical experience.

With the support of our highly qualified and experienced faculty, we strive towards bringing out the best in our students. We believe, along with academics, team work, communication and creativity are skills that go hand in hand to create excellent nurses in this real world.

## Florence Nightingale

Nursing involves managing illness, promoting health and supporting people in all aspects of health. Florence Nightingale (1820-1910), known as "The Lady With the Lamp", was a British nurse, social reformer and statistician best known as the founder of modern nursing.

5. Eight passport size photos.
6. Medical fitness certificate.
7. ST/SC certificate(if applicable).
8. Date of birth certificate

Nursing involves the care of people throughout the continuum of life and provides an essential service to humankind. As career professionals, nurses improve the quality of health care delivery. There is nothing more rewarding than a patient appreciating your relentless service. There are many opportunities and career paths awaiting nurses besides practice. Nursing offers opportunities from the president or top administrators of a healthcare organization. Clinical specialists, nurse practitioners, nurse administrators, and nurse educators are just a few examples of the variety of opportunities awaiting you in a nursing career. Nurses are also appointed and elected to influential government positions. If you choose to nurse, you will discover a career filled with personal and professional rewards. The rise in health care needs, changing population and demographics combined with a dwindling supply of nurses is putting the nurses in the driver's seat when it comes to the job hunt. Many foreign countries have opened their doors to the nurses from India as there is a huge demand for qualified and skilled health care professionals.

*Must have completed 17 years of age by 31st December of the year of admission.*

# GENERAL NURSING & MIDWIFERY (GNM)

The purpose of the General Nursing Programme is to prepare a general nurse who will function as a member of the health team beginning with competencies for the first level position in both the hospital and community. The program is geared to the health needs of the country, the community and the individual; and it will serve as a basis for advanced study and specialization in nursing; it will assist nurses in their personal and professional development enabling them to make their maximum contribution to the society as individual citizens and nurses.
